## Tournament Play to benefit the **Make -A- Wish Foundation**

*We grant the wishes of children with  
life threatening medical conditions to  
enrich the human experience with  
hope, strength and joy.*

The power of a wish extends to family, friends and everyone who's touched by the experience. Wishes provide a much needed respite from hospital stays, medical treatments and doctor visits. They unite families so that they can spend precious time together and create magical memories. They give children the freedom to make choices, take control of their situation and simply enjoy being a kid.

*Bringing joy to others  
will bring joy to you!*

**Share The Power of A Wish!**
